* Basic installation of up to 5 One Talk phones any model. Each station must have internet and power. Additional fees may apply if each station does not have internet and power. Wall mounting extra.

** The cost is \$35 per phone after 5. This fee may be waived or reduced depending on the installation complexity.

*** This includes setting up the Cradlepoint router and configuring to the wireless carrier. This DOES NOT include any customer specific network configuration. Please consult your internal IT staff for customer specific network configuration.

**** This includes installation of the SNOM PA1 device ONLY. This fee does not include the cost of the device or speakers. The SNOM PA1 devices requires a VOIP telephone number which may require additional fees. The SNOM device requires internet and power at the installation location.

***** This includes installation of one ATA fax device. Each additional ATA device will cost \$50.00. The ATA device requires a VOIP telephone number which may require additional fees. This fee does not include fax machine configuration or the cost of the ATA device. Each ATA device requires internet and power at the installation location.

***** Your Basic Installation includes one onsite installation visit. Additional onsite visits will be billed at a rate of \$125 per hour.
